

Description

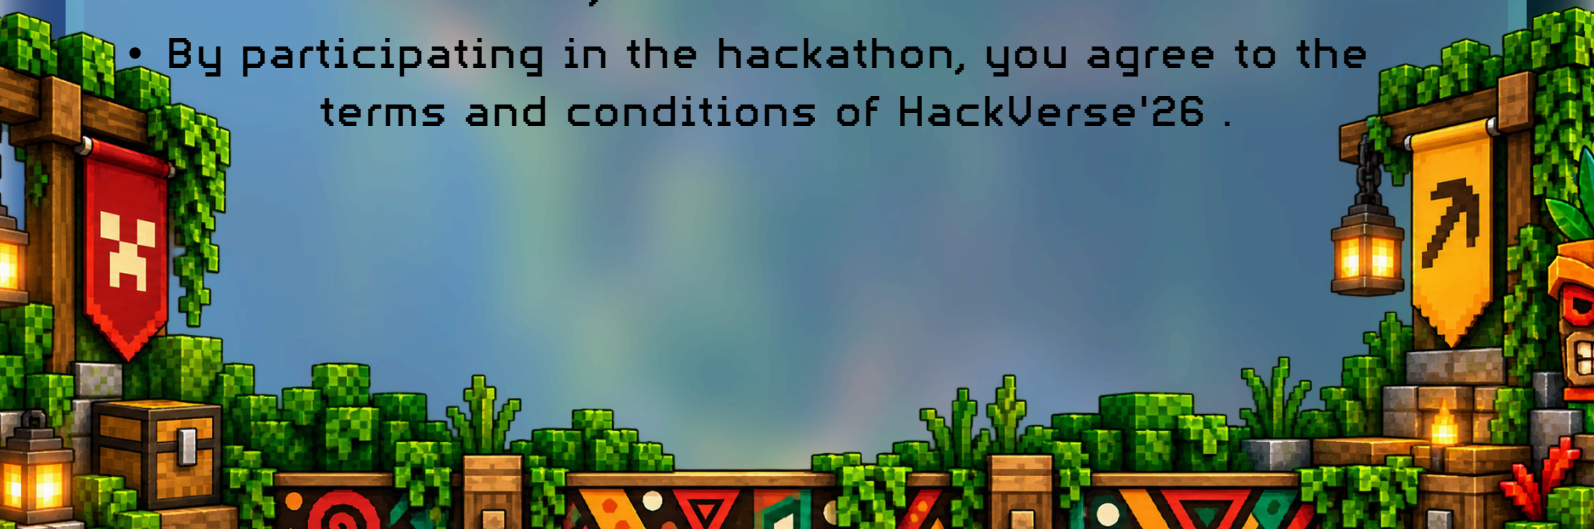

Event Description :

This year 2k26, CodeBreakers presents you with Hackathon where participants can use any technology to build their hacks. This is an opportunity to showcase your innovative ideas and expand your horizons. HackVerse'26 is an 24-hour hackathon. Do not miss this opportunity.

- You can form a team only among your own college students.
- It's a physical hackathon, the venue is Government College Of Engineering Kalahandi, Bhawanipatna .
- There is no restriction over using AI (Claude, ChatGPT etc).
- There are '7' themes of the hackathon, you must submit a hack that is in one of these themes.
- Once the hackathon starts, you will get an option to submit your hack, you can submit as many times as you want, the last hack will be considered as the final submission.
- You are expected to come up with new and innovative ideas, any idea that has been copied from somewhere will be disqualified.
- Your hack must be developed entirely during the Hackathon duration.
- You may use open source libraries and other freely available systems / services such as Google Maps, Facebook Connect, Twitter feeds etc.
- By participating in the hackathon, you agree to the terms and conditions of HackVerse'26 .
